

Dear Infants Inc.

I am a Family Support Worker at Howard Area and I have given three new moms your beautiful layettes. Each mother was so touched by the incredible baskets. One mom picked up each item, held it and said "This is so special, I can't believe it! My Baby will love this." I just wanted to let you know that your work is amazing and greatly appreciated. You are touching the lives of young women and their newborns. Thank you so much for your hard work! It is fabulous!

Sincerely,  
Michelle
